Health and Safety Guidelines

We're so happy to see you again! Your wellbeing is our priority and that will never change! This is why we've been working on new health and safety measures so you can enjoy your stay with us this Summer. Our biggest concern is keeping you and our surrounding communities safe. We are following the best practices as advised by our local governments and are updating our safety precautions as the situation develops.

Our Common Areas:

- We will clean and sanitize our public places frequently.
- There will be extensive sanitizing practice of public bathrooms, door knobs, elevators, etc.
- Hand sanitizers will be available in key spots around the hotel.
- We ask our guests to adhere to the social distancing measures.
- Hotel's SPA will be closed.

Our Staff:

- Our team will have received special training to ensure they follow the guidelines correctly.
- Our team will be wearing PPE (personal protective equipment).

Our Rooms:

- Our rooms will be thoroughly cleaned before check-in and they will be serviced frequently.
- We have removed the decorations to avoid extra contact.
- The staff will access the rooms wearing PPE.
- The laundry company will also be following the safety measures as advised by our local governments

Our Restaurant:

- Our tables are spaced according to social distancing regulation.
- Our menus have been replaced by QR menus to avoid extra contact (if you wish to have a paper menu, you must ask a member of staff who will sanitize it for you).

Service Providers:

- We will make sure that our service providers also follow the health and safety guidelines.
